- C. At the time of pick up, mustangs will have current vaccinations, negative Coggins test (EIA), and trimmed hooves.

- D. Mustangs selected for the Mustang Heritage Spectacular EMM will be as uniform in size and age as possible for each class. Age of animal is determined by the USFS and will comply with the industry standard of age accumulating on January 1 each year.
- E. **Transport requirements:** Competitors must meet all requirements outlined in these rules and regulations for transporting and stabling their mustang. Competitors must provide or arrange transportation for their mustang from the pick-up facility directly to their facility. While it is permitted for someone else to transport the animal, all trailers must meet these minimum standards:
- i. A covered top
 - ii. Sturdy walls/floors
 - iii. Smooth interior free from any sharp protrusions
 - iv. Ample head room
 - v. Non-skid materials covering the floor
 - vi. Adequate ventilation
 - vii. If necessary, removable partitions or compartments to separate animals by size and sex

Competitors should not release their mustang into a large area, such as a pasture, since it will likely be difficult to recapture the animal for training or to provide necessary veterinary care. However, once the animal is gentled, competitors may release the animal into a pasture or similar area. Competitors must provide shelter for their mustang from inclement weather and temperature extremes in any area they are kept.

- F. **Facility requirements:** Facility can consist of a corral/paddock/stall/round pen. Facility must be a minimum of 400 square feet (20 feet x 20 feet) and have fences at least 6 feet high. Facility must be sturdy and constructed of materials such as poles, pipes or planks (minimum of 1.5 inch thickness) without dangerous protrusions. Unacceptable fencing such as barbed wire, large-mesh woven fencing, stranded and electric materials are not permitted. Competitors should not release their mustang into a large area, such as a pasture, since it will likely be difficult to recapture the animal for training or to provide necessary veterinary care. However, once the animal is gentled, competitors may release the animal into a pasture or similar area. Competitors must provide shelter for their mustang from inclement weather and temperature extremes in any area they are kept.
- G. Competitors will have from the date of pickup until the event dates (June 12-14, 2025) to train and work with their mustang.
- H. Mustang training must be humane and compassionate. "Least resistance" techniques are encouraged. At all times, the humane care and best interest of the animal is paramount. For MHF/EMM events and MHF programs, the competitor is responsible for the wellbeing and humane treatment of any mustang entrusted to their care. Contact MHF staff or management to report any health issues with the animal so that proper veterinarian care can be administered. Any suspected inhumane treatment of animals should be reported to management immediately with potential consequences as outlined in MHF's Humane Treatment Policy (section 4).
- I. Competitors are responsible for all care-related costs from the day the mustang is picked up through the event dates. Expenses incurred during the training period and competition will not be reimbursed.

- J. **If the competitor is unable to complete the training or participate in the event**, they are responsible for either adopting the horse –or– returning the mustang to the nearest USFS facility or a USFS approved location. Applications are subject to review if an individual has a history of returning animals in MHF programs or events without completing the training or competition.
- K. In the case of **serious injuries** or **death** of an issued mustang, competitors are required to notify the USFS contact (Charlene Johnston at charlene.johnston@usda.gov) and MHF staff (Danielle Aamodt at danielle@mustangheritagefoundation.org) **within 24 hours** of the occurrence.

4. MHF HUMANE TREATMENT POLICY

- A. All mustangs and burros must be treated humanely and with dignity, respect, and compassion at all times. Any competitor or participant using abusive or excessive training techniques or being inhumane to an animal in their care may be removed from the competition and/or all future MHF contests or programs. Determination of abusive, excessive, or inhumane treatment is determined by a panel assigned by MHF and will include licensed equine veterinarian(s) and/or respected horse industry professional(s). If an animal is presented at the event with any injury or lameness, MHF reserves the unconditional right to remove the competitor from the competition and/or any future MHF events or programs. This policy is in addition to the event rules. All competitors must agree to, sign, and return the Humane Treatment Policy with their application. The following list, while in no way exhaustive, includes examples of unacceptable conditions, behavior, and training techniques:
 - i. Animals who appear to be emaciated, unfit, or injured will not be permitted to compete;
 - ii. Striking an animal with objects, excessive spurring, and/or excessive jerking of the reins is not permitted and can lead to **disqualification**;
 - iii. Any inhumane treatment that results in wounds or injury of the animal

5. CONDUCT

- A. To promote fair competition, the conduct of all participants must be orderly, responsible, sportsmanlike, and humane in the treatment of animals or people. This includes, but is not limited to, conduct while competitors have animals in their possession, conduct on the show grounds, conduct on social media, conduct while wearing any MHF or EMM logoed attire, conduct while interacting with event staff; and includes the conduct of individuals traveling with competitors, spectators, and all other participants present on the show grounds. Any misconduct or alleged unsportsmanlike or irresponsible conduct, such as illegal, indecent or profane, and inhumane treatment of animals or people will be grounds for disciplinary action against offending individuals. Further, event management may immediately expel any offenders from the competition or show grounds in order to preserve the decorum of the show.

6. DIGITAL MEDIA POLICY

- A. MHF understands that sharing the journey of a competitor on digital media is a part of the current landscape and we encourage competitors to do so, thoughtfully. One of MHF's highest

priorities is ensuring that the digital content relating to MHF and MHF programs aligns with our mission, values, and public image to guarantee the future and reputation of our Foundation and the legacy of the mustang breed.

- B. **Quality and Respect:** As a participant in MHF programs, competitors are representing MHF in everything they do. By participating, competitors agree to be mindful of their representation when developing any digital content. Additionally, the MHF community will want to follow the competitors' journeys and may engage along the way. It is MHF's expectation for each competitor, participant, and partner of MHF to create content that is consistent with MHF's mission and values and be respectful in any engagement with followers, however potentially controversial. Competitors are to carefully consider their audience (intended or unintended) as they develop content and review any content prior to sharing or distributing to ensure accuracy and alignment with MHF mission and values.
- C. **Auditing:** MHF staff will be monitoring competitors' digital content for violations of the digital media policy and will hold all participants accountable for the content they share while partnered with MHF. If any content is considered in violation of this policy, MHF will request that the participant remove and/or alter the content as soon as possible after notification. MHF reserves the unconditional right to revoke competitor approval or discontinue any partnership/relationship with a participant at any time based on violations of this digital media policy.

B. ELIGIBILITY AND REQUIREMENTS

- 1) Competitors are required to complete and submit progress reports during the training period leading up to the event by the following dates: **January 1, February 1, March 1, April 1, May 1**. Progress report information will be provided with details of the required information. Progress reports can be submitted on the MHF website.
- 2) The purpose of this event is to showcase the talent and trainability of mustangs and to provide an opportunity for competitors to engage in safe competition with these animals for prize money and awards. Therefore, all animals entered in the competition should be gentle and safe to maneuver through the show grounds. Upon entry onto the show grounds, should an animal be deemed unsafe by MHF and/or USFS that horse may be excused or uninvited to participate in the competition and adoption. The goal is for all competitors and animals to participate safely in the event. If there is a concern regarding an animal's training status, please contact MHF Event Staff: **Danielle Aamodt** danielle@mustangheritagefoundation.org or **267-972-1491**.
- 3) Upon entry onto the show grounds, any competing animal's microchip will be verified by a USFS or MHF representative to confirm the animal's eligibility.
- 4) Upon entry onto the show grounds, competitors must provide a current Health Certificate, negative Coggins paperwork, and proof of current vaccines for all animals.
- 5) Upon entry onto the show grounds, competing animals will be examined by a veterinarian or knowledgeable individual to determine the health and condition of the animal. Should an animal be deemed in poor condition by the veterinarian or knowledgeable individual, that animal may be excused or uninvited to participate in the competition.

- 7) Competitors are responsible for all care-related costs from the day of pickup through the competition and auction. Expenses incurred during the training period and competition will not be reimbursed. Competitors are responsible for bringing any tack, feed, and supplies needed during the competition.
- 8) An arena will be available for warm up and scheduled practices.
- 9) Competition schedule will be finalized just before the competition.
- 10) Winners will be announced following competition.
- 11) Competitors must fulfill all requirements related to transport, stable facilities, care, and training.
- 12) Competitors will be given specific competition patterns at the event. Competitors will have an opportunity to "walk through" the patterns with the judges, without their animal, prior to the competition.
- 13) Class awards may be presented. Any class ties will be broken by the score from a predetermined element in the class. If a tie exists between class scores, the score from that predetermined movement will be the tiebreaker. In case of further ties, the next score will be used until there is a tiebreaker.

- 14) Overall division ties will be broken by the Trail class to determine the top 10 finalists. If a tie exists between Trail scores, the score from a predetermined movement will be the tiebreaker. In case of further ties, the next score will be used until there is a tiebreaker.

C. JUDGES

- 1) MHF will designate the appropriate number of judges, as well as an equipment/rule steward to support the efforts of show officials to ensure all rules are being followed.

D. EQUIPMENT

- 1) Animals may be exhibited in English, Western, or other appropriate equine styles/disciplines and equipment. Competitors are asked to wear appropriate attire and head gear, which reflects the style/discipline of their riding. Adornments will not earn any extra points, for example, silver on saddles or sequins on shirts.
- 2) If being ridden during the preliminary classes, animals must be saddled and bridled in appropriate tack/gear.
- 3) **ILLEGAL** equipment that will result in automatic **disqualification** from the class in which equipment was used in (regardless of discipline) includes snaffle bits with mouthpieces smaller than 5/16" and/or consisting of non-smooth material (such as twisted material), stud chains, and bosals made of anything but rawhide, leather, or rope with flexible core (no metal of any kind). Use of any bit or equipment determined severe by the judges will not be allowed and will result in disqualification from the class in which it was used.
- 4) The judge or steward may prohibit the use of any bit or equipment they consider inhumane or would tend to give a horse/rider an unfair advantage. The diameter of all mouthpieces, length of shanks, and use of curb straps or chains must comply with MHF rules. National Snaffle Bit Association and American Quarter Horse Association rules are resources for preferred equipment including the diameter of mouthpieces, length of shanks, and use of curb straps or chains. It is the competitor's responsibility to contact MHF Event Staff to obtain written approval regarding any questionable equipment, or to clarify if a certain type of equipment is deemed humane and permitted. Said request and approval/disapproval must be conducted in writing via email.
- 5) Animals may be shown with two hands in a snaffle bit or bosal. Showing an animal with two hands when using a curb or shank-type bit is strongly discouraged during any point of the competition (including the Finals) and will result in an automatic 5-point deduction per judge from the class score.
- 6) Training aids (whips, sticks, treats, the tail end of a lead rope, etc.) will not be restricted, although competitors should realize that horses shown with the use of training aids will be judged accordingly. Any excessive use of a training aid (including striking the animal) will result in automatic 10-point deduction per judge from the class score.
- 7) Wearing guns (real or toy) in any arena or during the competition, as well as shooting guns and/or blanks is NOT allowed during the competition or anywhere on the show grounds and will result in automatic **disqualification**.

E. TREATMENT OF ANIMALS

- 1) In-hand competitors are NOT allowed to ride, sit, or stand on mustangs between the ages 12-24 months (2 years old) any time prior to or during the competition and will result in disqualification. *This includes in the stall/warm-up areas at the event and during the competition.*
- 2) Mustangs between ages 12-24 months (2 years old) are NOT allowed to pull ANY items (carts, sleds, etc.), however the competitor may pull an item while leading the horse. *This includes in the stall/warm-up areas at the event and during the competition.*
- 3) Excessive spurring or jerking on the reins or lead line during the competition will result in an automatic 10-point deduction per judge from the class score.
- 4) No person shall alter, change, or attempt to hide the natural markings and/or rubbed or raw skin of a horse by surgery, dye, powder, or in any other manner. Competitors may clip/trim the animal's hair, or leave mane, tail, ears, muzzle and fetlocks in their natural condition. Use of false tails or extensions on the mane or tail are prohibited during the preliminary competition and will result in an automatic 10-point deduction per judge from the class score. Costume-related mane/tail decorations will be allowed during the Finals freestyle performance. Alteration of the tail function (tail blocking, dead tails, etc.) is prohibited at any and all points during the training period or competition and will result in **disqualification**.
- 5) **DRUGS:** No person shall administer drugs internally or externally to a participating animal, either before or during the event or adoption. Any medication, drug, mechanical device, or artificial application that could affect or enhance the animal's performance or appearance at the event is prohibited. If an animal is receiving medication for therapeutic purposes the competitor must submit a letter from their veterinarian to MHF staff that notes the reason for the medication and the prescribed amount. **MHF RESERVES THE RIGHT TO DRUG TEST ANY ANIMAL PARTICIPATING IN THE COMPETITION.** Positive tests will result in removal from the event, removal of any reimbursements or prize money, refund of adoption fees paid by an adopter, and the return of the animal to the USFS should the adopter wish to return the adopted animal. Regarding herbal/natural supplements, competitors are cautioned against the use of medicinal preparations, tonics, pastes, and products of any kind, the ingredients and quantitative analysis of which are not specifically known, as many of them may contain substances that are forbidden.

F. PRELIMINARY CLASS DESCRIPTIONS & SCORING

- 1) Handling & Conditioning Class (100 points from each Judge)
 For this class, the competitor will lead the horse into a small pen inside the arena, un-halter and release the horse in the pen. The competitor will exit the pen and the horse's conditioning will be judged. Then the competitor will be allowed back into the pen. Upon re-entering the pen, the competitor will re-halter the horse and lead the horse out of the pen to complete a set of handling maneuvers in the arena.
CONDITIONING will be judged on the following (30 points): The horse's condition will be judged in two areas: **Appropriate weight & muscling**, based on the Henneke system (15 points); **and overall appearance**, including hair, coat, feed condition, etc. (15 points).
HANDLING will be judged on the following (70 points): Judges will assess the horse's demeanor and responsiveness during the haltering process, as well as the relationship between horse and

competitor through the completion of additional handling maneuvers including but not limited to the following: **Walk; Trot; Stop; Back; Pick up feet; Load and unload from a trailer.**

PENALTIES: patterns completed out of order (-5 points); competitor losing horse during the class (-5 points).

Additional criteria: No person shall alter, change or attempt to hide the natural markings and/or rubbed or raw skin of a horse by surgery, dye, hoof polish, powder, or any other manner (if altered, it's -10 point penalty per judge). **Stud chain use is prohibited** and will result in automatic class **disqualification**. Competitors may clip/trim horses, or leave mane, tail, ears, muzzle and fetlocks natural. Use of false tails or extensions on the mane or tail are **prohibited** and will result in **disqualification**. No points will be deducted for short or rubbed out manes or tails. The score will not reflect conformation. To learn more about appropriate weight/conditioning for a horse based on the Henneke system, visit:

<https://www.gerlltd.org/Education/Equine%20Body%20Condition%20Score%20Presentation.pdf>

2) **Mustang Maneuvers Class** – under-saddle only (100 points from each judge)

This class is intended to show the horse's willingness and ability to complete a set of generic horsemanship maneuvers. Judges will assess exhibitors showing in either Western or English discipline accordingly. For example, if a 360 pivot is requested – judges will expect a horse shown under English tack to turn on the backhand and expect a horse shown under Western tack to attempt to spin. A horse will be given credit for being relaxed, quiet, soft, and cadenced at all gaits. Credit will also be given to a horse that is responsive to the rider and makes the required transitions smoothly, timely, and correctly.

Maneuvers may include but are not limited to: **walk; trot; lope/canter; change of direction while on the rail; stop; back; pivot or turns to the right &/or left; lead changes; two-track; side pass.**

3) **In-hand Trail & under-saddle Trail Class** (100 points from each judge)

This class is designed to show a horse's willingness and ability to perform several tasks that might be asked of him during a normal trail ride or workday. Competitors will be asked to lead and ride their horse through a course of generic obstacles and maneuvers. Competitors will be able to "walk through" the course with judges prior to the class. Horses are not allowed during the walk-through.

IN-HAND maneuvers and obstacles may include but are not limited to: **walk; trot; stop and back; walk over logs/poles; walk/trot between cones/obstacles; maneuver forward and/or reverse through a simple chute; pick up each foot; brush horse once on each side; load and unload from stock trailer.**

RIDING maneuvers and obstacles may include but are not limited to: **walk; trot; lope/canter; lead change; stop and back; turns or circles to the right &/or left; walk over logs/poles; walk over bridge; maneuver forward and/or reverse through a simple chute; pick up and carry an object.**

Additional elements may be added such as brush, artificial foliage, rain slickers, etc.

PENALTIES: pattern completed out of order (-5 points); dismounting or being bucked off during a riding class (-5 points).

G. FINALS DESCRIPTION & SCORING

The top 10 ADULT UNDER-SADDLE competitors with the highest combined total scores from the preliminary classes will return for a finals competition that includes freestyle performance.

The top (*number TBD*) IN-HAND competitors from the combined preliminary classes will be invited to participate in an in-hand Freestyle performance; the number of top competitors to participate will depend on the schedule. Preference in the schedule will be given to Youth competitors. (*This decision will be announced after entries close*)

ADULT UNDER-SADDLE FREESTYLE

- 1) **The Final Score for UNDER-SADDLE Freestyles will be calculated using the following formula:**

20% Overall Preliminary Score

In case of further ties, the next score will be used until there is a tiebreaker. MHF reserves the right to use a “ride off” as a tie breaker for first place.

IN-HAND FREESTYLES

- 3) **The IN-HAND Freestyles will be calculated as a third class in the Overall total.**
